- Review and selection of papers/presentation would be managed by the Program Committee members

**Discussion/Issues/ideas for the Satellite program were discussed including:**
- Sponsorship for satellite conf – need to identify who may be interested in sponsoring
Need to identify possible sub themes for the satellite conference – use Section eList as was done for Oslo satellite?

Need for sessions to be practical and useful – not all theoretical

Suggestion to identify what skills are needed, then focus on how to develop these skills.

Flexible mix in program (as for Oslo satellite) – some papers published, some presentation only. Some sessions to set the picture, these followed by more practical less formal presentations.

Need to have facility which is flexible for different types of presentation

Need to explicitly include in program small libraries/all library sectors: special/public/school/academic

**Action:** Agreed to SC to prepare report for IFLA, Jana Varlejs to liaise with Web Junction on possible hand over,

**12. Strategic Plan**

a) Jana Varlejs noted IFLA Strategic Plan as distributed

b) Section Strategic Plan

Jana Varlejs noted that Section needs to review Section Strategic Plan in September. Discussed advice from Coordinating Board on issues to consider in revising Strategic Plan.

Jana Varlejs proposed development of a list of people available for consulting in the area of CPDWL. Discussion: vetting, ensuring quality of consultants/consulting provided.

Questions to consider: What would IFLA view of this be? How to publicise? What would make people come to CPDWL section to seek assistance/advice/consulting. Is there a real need? Do we need to assess the need? How could we make people aware of this facility? Danger of saying we will provide this service and then being overwhelmed with demand and/or unable to
provide what is being requested. How would cost of provide service be covered? Possible to tie in to rejuvenation of e List.

12. Special CPDWL themed issue (Emerald) Library Review
Ian Smith reported on this proposal. It was agreed to proceed, discussion followed on
i. Identification of topics (refer June Virtual Meeting for some ideas)
ii. Identification of potential authors
iii. CPDWL section liaison person
iv. Timetable
Agreed: Articles should be focussed and practical – to provide a useful tool for practitioners. Short and to the point. To be discussed further at Friday meeting.
