**Newsletter 1998 : 1**

**From the Chair**

I wish you for 1998 another successful but also a lucky year. We had a wonderful conference in Copenhagen : the most important event were the **elections for the officers** of our section : *Jean-Philippe Accart* is our new secretary. We regret that *Eva Thomson-Roos* did not want to continue the marvellous job she had done the past two years. As *the new chairman* has been elected the old one - and I thank you all for your confidence. I see this as a result of the amount of small projects I had started for the section. And I would be lucky if some one else could continue to some small projects for the section.

This year we decided not to ask for new project money because the ongoing projects have to be accomplished formally. I invite you all to have a look at our website as usual where you find also the new version of **the section's Medium Term Program**. May I draw your attention especially to the new interactive version of **the bibliography "SSID - Social Science Information and Documentation"** which had been started with great success in print form by *Kyllikki Ruokonen*.

**The Annual Report** from the chairman and the draft financial report were accepted. Contact must be taken with IFLA headquarters since it was suspected that the 80 members given for the section were

probably too few. It was stressed that if the section wanted two issues of its newsletter per year, its members must contribute to the editor. Eva Thomson-Roos regretted that she had been unable to produce more than one issues since the last meeting and is now handing on the work as editor to Jean Philippe Accart.

**Elections** : **HC Hobohm** was unanimously **reelected chairman** and **treasurer** for the next two years and the committee expressed its appreciation of the great amount of work he had done for the section.
